## First-Time Eligible Students

### Ontario Secondary School Literacy Test, April 2009

**School: Westmount CI (952516)**  
**Board: York Region DSB (66095)**

I am pleased to provide you with this report about student achievement on the April 2009 OSSLT and the previous four administrations.

The OSSLT assesses the reading and writing skills students are expected to have acquired across all subjects up to the end of Grade 9. Developed with Ontario educators, EQAO assessments ensure that the achievement of all Ontario students in the publicly funded school system is measured using the same yardstick at a few critical transition points in their schooling. By providing a snapshot of how well each student in the province is meeting the learning expectations outlined in The Ontario Curriculum, EQAO's assessments have become an important tool educators rely on to support student learning.

Literacy is a lifelong gift. That is why EQAO strives to provide parents, guardians and Ontario educators with transparent and valuable information that will ultimately help all students acquire the foundational reading and writing skills they need to reach their full potential.

OSSLT results are to be interpreted and used alongside results from classroom assessments and other school-level data, as these are all sources of important information for supporting students in their education. I trust that this report will help educators and parents work together in support of student learning.

Sincerely,

Marguerite Jackson  
Chief Executive Officer  
Education Quality and Accountability Office

## TIPS

Each school is unique. To appreciate the distinctive character of a school, look at the contextual information to understand the features and characteristics of the community it serves.

This test captures the performance of students at one point in time each year. Consider the results along with other information about students' performance.

Exercise caution when interpreting results for small schools. Results may vary considerably from year to year, and differences may look exaggerated. For example, in a group of 30 students, a difference of 10% represents only three students.

Trends may be difficult to identify or to interpret. This is especially true in small schools or in schools where there is a high turnover in the student population.

EQAO values students' privacy. Results are not reported publicly for schools where fewer than 15 students fully participated, because it might be possible to identify individual students.

## WHAT IS IN THIS REPORT?

This report shows how well students at this school have met the minimum standard for literacy to the end of Grade 9 as set out in The Ontario Curriculum.

### This report includes

- ◆ results for this school compared to the board and province;
- ◆ a comparison of results over the past five administrations of the test to aid in monitoring improvement and
- ◆ information about the characteristics of the students who participated.

### Specifically, you will find

- ◆ summary graphs showing participation and success rates;
- ◆ detailed tables and graphs showing results for various groups of students, e.g., by gender, English language learners;
- ◆ student questionnaire results and
- ◆ an explanation of all terms used in this report.

## HOW TO USE THIS REPORT

- ◆ Examine the contextual information to understand the similarities and differences among this school, the board and the province. Consider the challenges that any differences might present.
- ◆ Examine the school results.
  - Are these results consistent with what you would expect?
  - How do these results compare to the provincial results?
  - How do these results compare over time?
  - What influence might students' attitudes have on student performance (refer to the questionnaire results)?
- ◆ Speak to the school principal or the school council chair about the goals for improving student performance.

The Education Quality and Accountability Office is an independent agency that gathers information about student achievement through province-wide assessments.

## Ontario Secondary School Literacy Test, April 2009

## EXPLANATION OF TERMS

<b>First-Time Eligible Students</b>	First-time eligible students typically entered Grade 9 during the 2007–2008 school year. These students (and any others who were placed in this cohort) were required to write the Ontario Secondary School Literacy Test (OSSLT) for the first time in April 2009. First-time eligible includes all students in the first-time eligible cohort who are working toward an Ontario Secondary School Diploma (OSSD).
<b>Previously Eligible Students</b>	Previously eligible includes all students who were not successful during a previous administration, or who were absent or deferred, and who were eligible to write the OSSLT in April 2009 (i.e., those working toward an OSSD).
<b>All Eligible Students</b>	This method of reporting provides percentages based on all students in the cohort who are working toward an OSSD. The only students excluded are those who are not working toward an OSSD (exempt students).
<b>Fully Participating Students</b>	This method of reporting provides percentages based on students for whom there is work for both sessions of the administration of the OSSLT and who were assigned an achievement result (successful, not successful). Students who are not working toward an OSSD, those who were absent and those who were deferred are excluded.
<b>Successful</b>	Students who fully participated in the OSSLT and received a score that met the expected standard.
<b>Not Successful</b>	Students who fully participated in the OSSLT and received a score that did not meet the expected standard.
<b>Absent</b>	Students are deemed to be absent if there is no work for one or both sessions of the administration.
<b>Deferred</b>	Students' participation in the OSSLT can be deferred under several circumstances, as outlined in EQAO's Guide for Accommodations, Special Provisions, Deferrals and Exemptions. A student is categorized as deferred only if the school indicates a deferral. If a student completed any portion of the OSSLT, he or she is not categorized as deferred.
<b>OSSLC</b>	Students are placed in this category of reporting if the school indicated that the students would be fulfilling the literacy requirement through the Ontario Secondary School Literacy Course (OSSLC). For details about the OSSLC, see the Ministry of Education Web site ( <a href="http://www.edu.gov.on.ca">www.edu.gov.on.ca</a> ). If a student completed any portion of the OSSLT, he or she is not categorized as OSSLC.
<b>Exempted</b>	Students can be exempted from the OSSLT only if they are not working toward an OSSD. A student is categorized as exempted only if the school indicates that the student is exempted. If a student completed any portion of the OSSLT, he or she is not categorized as exempted.
<b>English Language Learners</b>	Students who have been identified by the school in accordance with English Language Learners: ESL and ELD Programs and Services: Policies and Procedures for Ontario Elementary and Secondary Schools, Kindergarten to Grade 12 (2007). Prior to 2007, English language learners were called English as a second language (ESL)/English literacy development (ELD) learners.
<b>English Language Learners Receiving Special Provisions</b>	English language learners identified by the school as receiving special provisions. Detailed information about special provisions is available in EQAO's Guide for Accommodations, Special Provisions, Deferrals and Exemptions.
<b>Students with Special Needs (excluding gifted)</b>	Students who have been formally identified by an Identification, Placement and Review Committee (IPRC), as well as students who have an Individual Education Plan (IEP). Students identified as gifted are not included.
<b>Students with Special Needs Receiving Accommodations (excluding gifted)</b>	Students with special needs identified by the school as receiving test accommodations. Students identified as gifted are not included. Detailed information about accommodations is available in the Ministry of Education Policy/Program Memorandum No. 127 and in EQAO's Guide for Accommodations, Special Provisions, Deferrals and Exemptions.
<b>N/R</b>	"Not reported" indicates that the number of students fully participating (fewer than 15 in a group) or responding to the Student Questionnaire is so small (fewer than six in a group) that identification of individual student results might be possible; therefore results are not reported.
<b>N/D</b>	"No data available" is used to indicate that there were no students in the group or year specified.
<b>W</b>	Results for some or all students are being withheld by EQAO. For further information, please contact the school principal.

# School Report

## Previously Eligible Students

### Ontario Secondary School Literacy Test, April 2009

School: Westmount CI (952516)  
 Board: York Region DSB (66095)

I am pleased to provide you with this report about student achievement on the April 2009 OSSLT.

The OSSLT assesses the reading and writing skills students are expected to have acquired across all subjects up to the end of Grade 9. Developed with Ontario educators, EQAO assessments ensure that the achievement of all Ontario students in the publicly funded school system is measured using the same yardstick at a few critical transition points in their schooling. By providing a snapshot of how well each student in the province is meeting the learning expectations outlined in The Ontario Curriculum, EQAO's assessments have become an important tool educators rely on to support student learning.

Literacy is a lifelong gift. That is why EQAO strives to provide parents, guardians and Ontario educators with transparent and valuable information that will ultimately help all students acquire the foundational reading and writing skills they need to reach their full potential.

OSSLT results are to be interpreted and used alongside results from classroom assessments and other school-level data, as these are all sources of important information for supporting students in their education. I trust that this report will help educators and parents work together in support of student learning.

Sincerely,

Marguerite Jackson  
 Chief Executive Officer  
 Education Quality and Accountability Office

#### PREVIOUSLY ELIGIBLE STUDENTS, APRIL 2009: PARTICIPATION RATE AND ACHIEVEMENT RESULTS

## TIPS

Each school is unique. To appreciate the distinctive character of a school, look at the contextual information to understand the features and characteristics of the community it serves.

This test captures the performance of students at one point in time each year. Consider the results along with other information about students' performance.

Exercise caution when interpreting results for small schools as differences may look exaggerated. For example, in a group of 30 students, a difference of 10% represents only three students.

EQAO values students' privacy. Results are not reported publicly for schools where fewer than 15 students fully participated, because it might be possible to identify individual students.

## WHAT IS IN THIS REPORT?

This report shows how well students at this school have met the minimum standard for literacy to the end of Grade 9 as set out in The Ontario Curriculum.

This report includes

- ◆ results for this school compared to the board and province;
- ◆ information about the characteristics of the students who participated.

Specifically, you will find

- ◆ summary graphs showing participation and success rates;
- ◆ detailed tables and graphs showing results for various groups of students, e.g., by gender, English language learners;
- ◆ student questionnaire results and
- ◆ an explanation of all terms used in this report.

## HOW TO USE THIS REPORT

- ◆ Examine the contextual information to understand the similarities and differences among this school, the board and the province. Consider the challenges that any differences might present.
- ◆ Examine the school results.
  - Are these results consistent with what you would expect?
  - How do these results compare to the provincial results?
  - How do these results compare over time?
  - What influence might students' attitudes have on student performance (refer to the questionnaire results)?
- ◆ Speak to the school principal or the school council chair about the goals for improving student performance.

The Education Quality and Accountability Office is an independent agency that gathers information about student achievement through province-wide assessments.

Learn more about us at [www.eqao.com](http://www.eqao.com).

## Ontario Secondary School Literacy Test, April 2009, Previously Eligible Students

### Contextual Information

This information provides a context for interpreting the school's results.

STUDENT QUESTIONNAIRE RESULTS FOR THIS SCHOOL (# = 41)		
Questionnaire Item	Percentage of Students*	Number of Students
4. Number of hours a week students read materials written in English outside school, not including homework:		
one hour or less	 32	13
more than one hour but less than three hours	 41	17
more than three hours but less than five hours	 17	7
five hours or more	 10	4
5. Number of hours a week students write in English outside school, not including homework:		
one hour or less	 15	6
more than one hour but less than three hours	 59	24
more than three hours but less than five hours	 17	7
five hours or more	 10	4
6. How often students use a computer at home for homework:		
don't have a computer at home	 2	1
never or hardly ever use a computer for homework	 10	4
use a computer once or twice a month for homework	 12	5
use a computer once or twice a week for homework	 32	13
use a computer almost every day for homework	 44	18
7. First language students learned at home was English:		
yes	 44	18
no	 56	23
8. Language(s) students speak at home:		
only or mostly English	 32	13
another language (or other languages) as often as English	 34	14
only or mostly another language (or other languages)	 34	14

\* Percentages may not add to 100, due to a lack of or ambiguous responses.

only or mostly English	32%	25%	36%	39%	35%	41%	63%	61%	65%
another language (or other languages) as often as English	34%	38%	32%	27%	27%	27%	20%	22%	19%
only or mostly another language (or other languages)	34%	38%	32%	34%	37%	32%	15%	16%	15%

\* Includes only students for whom gender data were available.

\*\* Percentages may not add to 100, due to a lack of or ambiguous responses.

## Ontario Secondary School Literacy Test, April 2009

## EXPLANATION OF TERMS

<b>First-Time Eligible Students</b>	First-time eligible students typically entered Grade 9 during the 2007–2008 school year. These students (and any others who were placed in this cohort) were required to write the Ontario Secondary School Literacy Test (OSSLT) for the first time in April 2009. First-time eligible includes all students in the first-time eligible cohort who are working toward an Ontario Secondary School Diploma (OSSD).
<b>Previously Eligible Students</b>	Previously eligible includes all students who were not successful during a previous administration, or who were absent or deferred, and who were eligible to write the OSSLT in April 2009 (i.e., those working toward an OSSD).
<b>All Eligible Students</b>	This method of reporting provides percentages based on all students in the cohort who are working toward an OSSD. The only students excluded are those who are not working toward an OSSD (exempt students).
<b>Fully Participating Students</b>	This method of reporting provides percentages based on students for whom there is work for both sessions of the administration of the OSSLT and who were assigned an achievement result (successful, not successful). Students who are not working toward an OSSD, those who were absent and those who were deferred are excluded.
<b>Successful</b>	Students who fully participated in the OSSLT and received a score that met the expected standard.
<b>Not Successful</b>	Students who fully participated in the OSSLT and received a score that did not meet the expected standard.
<b>Absent</b>	Students are deemed to be absent if there is no work for one or both sessions of the administration.
<b>Deferred</b>	Students' participation in the OSSLT can be deferred under several circumstances, as outlined in EQAO's Guide for Accommodations, Special Provisions, Deferrals and Exemptions. A student is categorized as deferred only if the school indicates a deferral. If a student completed any portion of the OSSLT, he or she is not categorized as deferred.
<b>OSSLC</b>	Students are placed in this category of reporting if the school indicated that the students would be fulfilling the literacy requirement through the Ontario Secondary School Literacy Course (OSSLC). For details about the OSSLC, see the Ministry of Education Web site ( <a href="http://www.edu.gov.on.ca">www.edu.gov.on.ca</a> ). If a student completed any portion of the OSSLT, he or she is not categorized as OSSLC.
<b>Exempted</b>	Students can be exempted from the OSSLT only if they are not working toward an OSSD. A student is categorized as exempted only if the school indicates that the student is exempted. If a student completed any portion of the OSSLT, he or she is not categorized as exempted.
<b>English Language Learners</b>	Students who have been identified by the school in accordance with English Language Learners: ESL and ELD Programs and Services: Policies and Procedures for Ontario Elementary and Secondary Schools, Kindergarten to Grade 12 (2007). Prior to 2007, English language learners were called English as a second language (ESL)/English literacy development (ELD) learners.
<b>English Language Learners Receiving Special Provisions</b>	English language learners identified by the school as receiving special provisions. Detailed information about special provisions is available in EQAO's Guide for Accommodations, Special Provisions, Deferrals and Exemptions.
<b>Students with Special Needs (excluding gifted)</b>	Students who have been formally identified by an Identification, Placement and Review Committee (IPRC), as well as students who have an Individual Education Plan (IEP). Students identified as gifted are not included.
<b>Students with Special Needs Receiving Accommodations (excluding gifted)</b>	Students with special needs identified by the school as receiving test accommodations. Students identified as gifted are not included. Detailed information about accommodations is available in the Ministry of Education Policy/Program Memorandum No. 127 and in EQAO's Guide for Accommodations, Special Provisions, Deferrals and Exemptions.
<b>N/R</b>	"Not reported" indicates that the number of students fully participating (fewer than 15 in a group) or responding to the Student Questionnaire is so small (fewer than six in a group) that identification of individual student results might be possible; therefore results are not reported.
<b>N/D</b>	"No data available" is used to indicate that there were no students in the group or year specified.
<b>W</b>	Results for some or all students are being withheld by EQAO. For further information, please contact the school principal.
